News from Manchester People First Issue 62 2014

## Our new committee

AGM 2014  
23  
October

Our committee for 2014/2015 are from left to right: Patricia Phillips, Paul Hughes, Joseph Rooney, Cyril Brodie, Nadim Akram, Stephen Burden, Shirley Ryder and Ronnie Hailwood. They will elect officers at their first meeting.

We held our Annual General Meeting at the end of October to elect a new committee to run MPF for the next year.

Over 30 members came to the meeting at our office in Cheetham Hill and after hearing our annual report, people put themselves forward to be on our committee.

We have sent out our annual report with this issue of the newsletter. Remember Manchester People First is your organisation, so read the annual report to see what we have been doing and the newsletter to see what we will be doing.

# Wednesday drop in

We have a regular drop in day every Wednesday here at People First. Between 8 and 12 people come and pick different things to do each week, such as watching DVD's, playing bingo, knitting, doing jigsaws and puzzles and quizzes. Sometimes we invite guest speakers to tell us about things. So far we have had the Police, Fire and Ambulance services and Healthwatch Manchester, who talked to us about volunteering.

Paul H said his two favourite bits were the quizzes and playing bingo. Rose thought it was a good thing and enjoyed doing all the activities. Nathan said, "the drop in is lovely and I get to see all my lovely friends every week". Paul B added, "The Wednesday drop in is successful because it's different to Thursdays at MPF. It helps get me out and about – we have a choice about what we have for lunch from week to week and healthy eating is important to me."

We had an Open Day in August, so people with a learning disability in Manchester could find out about groups including Manchester People First, the North West Ambulance Service, Manchester Healthy Living Network and lots of others.

It gave everyone the chance to meet new people, learn more about other organisations and share information. Although not that many people came, everyone who did enjoyed it. Members of the Service Audit Team said it was a good day, although they wished more people had come.

- **Are you a patient?**
- **Do you use NHS services?**
- **Do you think you could make them better?**

Healthwatch are the group which represents patients who use health services. The Chief Officer Neil and Volunteer Officer Michael came and gave a presentation to Manchester People First and said they were overwhelmed by how much people had to say, both positive and negative about healthcare services. This response will hopefully be the start of a joint project with Manchester People First.

**In the meantime, can you help us some more?**

Healthwatch Manchester is a consumer champion. It is here to help the local people of Manchester. We aim to make health and social care services better for everyone that lives in Manchester.

We are not qualified doctors and nurses, so we will not be sorting out your medication or wearing white lab coats. But at Healthwatch we could possibly help with transport issues for people to get to hospital. We could help tell people where to go for the best treatment, and we could help people who feel the service they have received was not good enough.

**If you think that these are issues that affect you or any of your friends or family, then why not come and volunteer for Healthwatch?**
